SKU: N/A

PRODUCT DESCRIPTION

A portable, ergonomically designed workstation that allows you to take your work to where you're most comfortable.

A workstation that moves with you

Crafted from sturdy Australian ply and covered in the beautiful veneer of Tasmanian Oak, this minimalist table is a sleek and practical addition to any classroom, break out space or library. Work collaboratively or independently in comfort with this smart design .

A slightly tilted angle for better performance

By adjusting your computer's angle, you can reduce screen glare and protect the health of your eyes and posture. We've incorporated a slightly angled finish to the C Shaped Laptop table, so that your laptop remains at eye level, while also allowing your back to be straight and your elbows bent at a comfortable 90 degrees.
