## PRODUCT DESCRIPTION

Versatile and practical, the Create-A-Space Bench is an ideal addition to classrooms, meeting rooms and libraries. The all welded steel frame offers stability without interfering with stools, students and teachers making it ideal for the classroom, common rooms, meeting rooms, libraries and general conference areas.

**A flexible and versatile bench that moves with you**

Designed to sit or stand at, this 900mm high-set bench is fitted with lockable castors so you can re-arrange them often as you like. The inset all welded steel frame offers stability without interfering with stools, plus the overhang detail of the tabletop means more space and more people!
