Get the EDGE

Performance Edge tabletops use a unique patented design tapered edge which is ultra-comfortable and perfect for extended use. The Performance Edge TM tapered edging reduces pressure on students' forearms caused by leaning and writing, making them

the most comfortable tables around.

The Performance Edge tabletops use a superior hard-wearing material compared to regular rigid edging, and are virtually 'pick proof' so the edges don't delaminate or peel off easily.

The unique edging not only enhances user comfort, but it also reduces damage done to walls and other furniture whilst moving tables around to change between learning modes.
