

DAVELL ADJUSTABLE STEEL SHELVING

Offices, Schools, Hospitals, Shops and Warehouses can all benefit from using Davell's practical and inexpensive shelving system.

- [Australian Made](#) from heavy gauge steel
- Environmentally friendly 100% recyclable steel
- Comes in a large range of sizes to suit any application
- Two shelf types are available, slotted or non-slotted

Slotted shelves incorporate parallel slots set at 25mm increments to accommodate polycarbonate shelf dividers/file supports, great for filing or holding alphabetical or number critical information or used as pigeon holes

- Each shelf has a load rating of up to 100kgs UDL (uniformly distributed load) with optional reinforcement for heavier loads
- Shelves are adjustable in increments of 25.4mm or can be bolted for permanent placement
- Optional Dress Panels are available to give a more smooth and refined appearance as the adjustment holes of the standard upright are hidden behind the panel, best suited for an office or showroom

- Shelving units can be assembled side-by-side and/or back-to-back depending on your particular needs
- DIY assemble or have one of our qualified assemblers do it for you
- Shelving is finished in chip and scuff resistant thermoset powder coat and available in a wide range of colours and finishes
