

DAVELL LAPTOP & DEVICE CHARGING LOCKERS

Davell's Charging Lockers provide security while charging laptops and other portable electronic devices. Custom made to Australian safety requirements, using Australian sourced electrical components.

LOCKER FEATURES

Davell's second generation Laptop Charging Lockers now have three different charging options.

- Single GPO (General Power Outlet)
- USB Type-A & USB Type-C
- Single GPO with USB Type-A & USB Type-C

THREE LOCKER TYPES

All ten compartments have their own charging outlet.

Each locker has a key locking base service compartment for storage only (no charging facility).

Unit 1. Open Locker ? 10 individual charging compartments above the base service compartment.

Unit 2. Two Door Locker ? Same as Open Locker except for a single lockable door which secures all 10 charging compartments.

Unit 3. Eleven Door Locker ? Above the base service compartment are 10 separate charging compartments each with their own lockable door.
