ERGOTRON CART STYLEVIEW SV10 LEAN WOW

- Features a small footprint and light feel so you can complete documentation in any location
- Adjusts 16 (40.6 cm) in height so you're comfortable sitting or standing
- Supports displays up to 24, 6–16 lbs (2.7–7.3 kg) and provides 30 degrees of tilt and 360 degree rotation
- Lifts your display—even an all-in-one, with 5 (12.7 cm) of additional adjustment
- Provides plenty of space for a keyboard, scanner and other small items you need on the large worksurface
- Routes cords directly into a cable cubby with a grommeted cord pass-through at the back of the shelf to organize your cords, power adapters, and even an ultra-small form factor computer
- Offers a retractable mouse shelf that easily pulls out on the left or right and then stows away under the worksurface when not in use
- Keeps the comfortable, rounded handle tucked under the worksurface so it's easily accessible yet out of the way
- Add an optional Power System to turn Lean WOW into a powered cart! Check the Accessories section for all the options

- Creates a personalized set-up with a t-slot channel interface on the cart's column that allows you to integrate your favorite accessories
- Comes with a storage/cable hook installed beneath the cable cubby

PRODUCT DESCRIPTION

The **Ergotron Lean WOW** cart is an agile workstation-on-wheels for your display or all-in-one with a small footprint that fits into tight spaces. The height-adjustable column moves 16 (40 cm) so you work comfortably sitting or standing.

The monitor riser provides additional height adjustment for the display. Add the slide-out mouse shelf, comfortable handle, clean cable management and you have a lightweight cart that's ready for heavy duty use.
