ERGOTRON CART STYLEVIEW TABLET SV10

Product Features:

- Height adjustable yet small, simple and lightweight
- Fifteen inches (38 cm) of vertical travel for seated and standing use
- Sturdy and safe metal construction
- Smooth, easily cleanable surfaces
- Integrated hand-brake secures platform height to provide an ultra-stable worksurface
- A bracket holds the tablet in place. Its inconspicuous design allows easy tilting of the screen without any occlusion of keys or views
- A spacious worksurface accommodates most tablet sizes
- Includes a convenient storage compartment for a power brick or AC adapter that is hidden yet easily accessed
- The t-slot channel interface on the cart’s column allows integration of accessories to customize a solution that’s right for your application
