PRODUCT DESCRIPTION

ErgoErgo is an extraordinary seating concept combining the benefits of active sitting with a bold contemporary design. The revolutionary KidsErgo is the safe and healthy way to sit. Children are happier and learn better when they can sit actively.

Teachers report that students sitting on KidsErgo often improve significantly in posture, concentration, participation, and behaviour. Moving and stretching addresses key aspects of UDL (Universal Design for Learning), including enhancing self-regulation through stress reduction, decreasing hyperactivity, and increasing focus.

Children love KidsErgo's friendly shape and its rainbow of bright colours. And sitting on KidsErgo is just plain fun! The patented KidsErgo, made of recyclable technopolymer. 2-year warranty.

Chairs measure - 38cmH x 35.5cmD.

Max.Load 77kg.

Only available in Orange and Yellow.

The kids sized Ergo is the smaller version featured in the below pictures (pink and purple). The larger one is the Ergo Ergo Stool.
