MOJO CUSHBAG FOAM SEATING

Perfect for break out areas and quiet zones our lounges provide a fun and safe solution.

The Mojo Cushbags come with prefilled soft foam which eliminates the noisy shuffling found with bean bag product. The lightweight design is easy for students to move around to new work spaces. Our lounges are ideal for improving informal collaborative work, independent work, student engagement and provide a great tool for behaviour management of students. Its exterior heavy duty UV resistant nylon wave material is also suitable as an outside solution.

Features:

- Durable.
- Lightweight.
- Comfortable.
- Easy to move around.
