## PRODUCT DESCRIPTION

The ultimate 'nesting' table solution. The flip tables feature a simple one-handed side latch to allow users to flip and nest groups of tables with ease.

### **A space saving design, allowing for easy use and even easier storage**

Conceived from conversations with the market, we noticed that there was a lack of nesting tables that allowed ease of collaboration without 'hogging' real estate. The simple and convenient flip

mechanism is easily accessible, making reconfiguring a space fast and effortless, creating a seamless experience for both teaching staff and students.
