

SEBEL DURALITE FOLDING TABLE

The ultimate folding table.

DuraLite folding tables withstand the toughest demands of daily use. The unique honeycomb core, aluminum framework, superior materials and innovative design result in a lightweight table that is strong and durable, plus they are GreenGuard certified.

- **EASY** Easily carried by one person, DuraLite tables are perfect for any application that requires repeated set up and tear down (banquets, seminars, catered events and multi-use spaces).
- **SAFE** The lightweight design also diminishes the risk of back injuries from overexertion.
- **STRONG** DuraLite tables exceed stringent tests for leg strength, weight load, and vertical drops onto hard surfaces. Replaceable corner covers and greater weight-bearing strength result from exclusive design innovations.
- **PROTECT** Rubber bumpers protect tables when stacked and keep tables in place on dollies. High impact covers protect from damage upon impact.
- **DURABLE** Strong metal-to-metal attachments provide maximum holding power and ensure screw holes won't strip. Legs are easily replaceable.

- Unprecedented, weight bearing strength. DuraLite tables hold a large amount of weight: 907kgs evenly distributed.

TABLETOP OPTIONS:

Listed are the most popular colours, however, if you require a specific laminate please contact Sebel

for more information.

The colours shown have been reproduced to represent actual product colours as accurately as possible, however actual colours may vary. We recommend checking your chosen colour against a sample colour swatch, as different screen and printing settings may affect the representation of the colour. Due to the manufacturing process, keep in mind that all colour samples may still have minimal colour variations to the finished product.
