SEBEL LITTLE BIG SOFTIE ROUND OTTOMAN

Little Softie Round Ottoman

Fun and flexible alternative seating solution

The Little Softie Round Ottoman is a perfect alternative classroom seating solution, simply push it over to an existing classroom desk for dual student study.

The Little Softie Round Ottoman can also be used to create tiered settings for intimate or large group collaborations. It also works well as an individual seat or as part of a setting.

Features:

- High density foam padding for exceptional comfort
- Durable frame for added strength
- Available in a wide range of fabrics
- Available with glides only
- Australian Made

Mix it up with the Big Softie range

Does your class have a mix of students of all shapes and sizes? The Little Softies have been cleverly designed to match the depth of our Big Softies® range so you can create tiers to accommodate all sizes. Furthermore, the widths introduced can be doubled to match popular soft furnishing sizes. If you

want 1200mm width seating, just use 2 x 600mm Little Softie Blocs; if 1800mm is what you are after, use 2 x 900mm Little Softie Blocs; and a 900mm with a 600mm Little Softie Bloc will give you the common width of 1500mm! As with all Sebel designed products, the Little Softies are ergonomically designed, incredibly comfortable and built to survive the toughest of education environments.
