SEBEL PIROUETTE TABLE

Clever. Simple. Flexible.

Conceived from conversations with the market, we noticed that there was a lack of nesting tables that allowed ease of collaboration without 'hogging' real estate. The collaborative Pirouette was born. Allowing all four edges of the table to be utilised enabling greater collaboration without compromising optimal distances for project and group based learning. The simple and convenient flip mechanism is easily accessible, making reconfiguring a space fast and effortless, creating a seamless experience for both teaching staff and students.

Features:

- Space saving folding and nesting table solutions
- Solid & durable metal frame and leg system
- Durable structural board with laminated top finish
- Modular works as standalone or configure clusters
- Easy one handed side latch to allow for easy flip and nest
- Durable lockable castors make it easy to reconfigure and nest
- Maximised leg spacing (and clearance) enhances user experience

- Articulating leg enables simple leg-within-leg nesting solution
- Sleek minimalist design profile
- Available in a wide range of standard laminate colours

Get the EDGE

Performance Edge tabletops use a unique patented design tapered edge which is ultra-comfortable and perfect for extended use. The Performance Edge TM tapered edging reduces pressure on students' forearms caused by leaning and writing, making them the most comfortable tables around.

The Performance Edge tabletops use a superior hard-wearing material compared to regular rigid edging, and are virtually 'pick proof' so the edges don't delaminate or peel off easily.

The unique edging not only enhances user comfort, but it also reduces damage done to walls and other furniture whilst moving tables around to change between learning modes.

Only available on certain Pirouette tables. See specifications for more details.

Listed are the most popular colours, however, if you require a specific laminate please contact Sebel for more information.

* Not all tables are available in Performance Edge.

The colours shown have been reproduced to represent actual product colours as accurately as possible, however actual colours may vary. We recommend checking your chosen colour against a sample colour swatch, as different screen and printing settings may affect the representation of the colour. Due to the manufacturing process, keep in mind that all colour samples may still have minimal colour variations to the finished product.
