PRODUCT DESCRIPTION

Enable students to move while they learn!

The Elizabeth Richards Senior Pedal Desk has been developed for upper primary, high school students and adults.

This is not exercise equipment - this is an entire teaching methodology based on the benefits of action-based learning - simple movements that allows students to learn while they move, providing a classroom experience that is far more conducive to learning than traditional methods.

Single pedal desks can be positioned next to each other or facing each other to create a multidesk scenario.

Features

- Gas lift height adjustable chair and table top, the bike can be easily adjusted to suit the users height.
- Includes resistance Suitable for older and physically stronger students and adults who will find the resistance more comfortable.
- Great for teachers who want focused, alert and engaged students.
- The simple motion offers students the freedom to go at their own pace while engaging the leg muscles, lower back and body core.
- Adjustable seat and back support reinforce postural alignment and comfort.
- Kid-powered-no external power required!
- Noise-free, smooth quiet motions to minimise distractions during learning.
- Laminate top.
