SLIM’N’COMFY CHAIR

Versatile, one-piece injection moulded seat

As the name implies, the Slim'n'Comfy range was designed to be space efficient and comfortable. This classic styled and low maintenance chair offers high performance and is engineered to withstand the rigours of constant commercial use. Ideal for schools, universities, TAFE and office environments.

Features:

- Versatile one piece polypropylene moulded seat incorporates good lumbar support and comfort.
- Polypropylene makeup incorporates anti-static and UV protective inclusions.
- All welded steel frames.
- Easy maintenance offered by interchangeable seat shells and frame components.
- Sled base frame option enables easy manoeuvrability on carpet or vinyl.
- 4 leg base frame option.
- Hot stamp with your logo or tagline option available.
- 4 seat Auditto option.
- Stacking Maximum of 10 high.
- Trolley available as an optional extra. Designed for one person to easily and safely move a single stack of chairs.

Custom colours available minimum quantity applies

The colours shown have been reproduced to represent actual product colours as accurately as possible, however actual colours may vary. We recommend checking your chosen colour against a sample colour swatch, as different screen and printing settings may affect the representation of the colour. Due to the manufacturing process, keep in mind that all colour samples may still have minimal colour variations to the finished product.
