

TEMPO SWIVEL - PP SEAT & BACK

This modern, European designed chair is supported by a strong, tubular steel frame. TEMPO Swivel has a finely finished polypropylene sculpted backrest and seat. The seat is also available upholstered for extra comfort. With a huge range of configurations and variants available, the TEMPO Swivel is part of a large family of seating.

A very comfortable choice for educational and training applications, TEMPO Swivel will bring a sense of energy and life to any space.
