

Intellect Wave

Intelligent Classroom Seating

Engineered to withstand the toughest classroom use, Intellect Wave chairs are incredibly durable and with their clean visual form creates a fresh modern look. Elliptical tubing provides superior strength and the lightweight polypropylene shells resist scratching, fading, chipping and denting.

The unique shell design has all the proper curves to support functionality and ergonomics in the classroom. The result is classroom seating that gives you years of low maintenance service.

FEATURES

- Wide and passive flexing back offers greater ergonomic support and comfort.
- Elliptical tubing is twice as thick as round tubing making it stronger and more durable.
- The poly shells feature a rib-less back and interior welds on the bottom of the chair, making it easy-to-clean.
- Integral handle enables easy movement.
- Conforms to all tests for back strength and durability, seating drop, seating impact and leg strength.
- Optional dolly for easy transportation.
